

Do You Have Bacteria in Your Water?

The Jamul Environmental agency will be holding it's 4th quarter environmental outreach meeting August 17, 2011 @ 10am!!! Get educated on bacteria and see our new testing supplies and incubator.

**If you are interested in seeing if your water contains bacteria, stop by the Tribal Office no later than Monday August 15 to get a sample bottle and instructions.

As always we look forward to seeing you there!
